

**We wanted you to know that we are still here...  
Excited to see you for summer camp and are still accepting  
registrations for our 2020 adventure.**

We are monitoring the COVID-19 situation and will continue to do so over the coming months. As we continue to plan for our summer camp we will follow the direction provided from our local, state, and federal officials.

*What we do know is that camp plays a vital part in the lives of the children who attend each year and for those who have only just discovered us.*

We are taking steps to continue to provide a wonderful camp experience for all.

We will keep in touch with you through our website, email and social media.

Take Care

New Hope Staff

**SEE YOU THIS SUMMER
